Invest in Your Students

MindLaunch, an interactive, online education company dedicated to life-long learning, connects students of ALL ages, in ANY location, with experienced U.S.-licensed teachers for the most fun and effective online tutoring experience.

Earn \$ for Your PTA/PTO Fundraisers

MindLaunch has created an innovative revenue-sharing program that gives back to your school to help you fund activities or for needed supplies!

Here's How It Works:

MindLaunch makes it easy and profitable for you to offer test prep courses as an extension of your high school educational program.

We offer a completely turnkey program, customized to your requirements. All you need to do is select the courses you want to offer and the days/times you want them to be available.

Choose from our comprehensive

Get the Highest Scores Possible with MindLaunch's College Test Prep Courses:

PSAT: Math, Critical Reading, Writing

SAT: Math, Critical Reading, Writing

SAT: Subject Tests

ACT: English, Math, Science, Writing

State Standardized Tests

AP Tests

Available in Private or Group

menu of live, online test prep courses especially designed for each grade level. Small group classes with a maximum of six students are conducted during convenient times after school, evenings or on weekends. Private one-to-one sessions are also available.

MindLaunch takes care of the rest! We create all course content and our U.S.-licensed educators instruct the live, online group classes. We provide all marketing materials, course payment processing, and program management.

MindLaunch will return 15% of all class fees back to your organization!

Classes.

We offer flexibility! Choose One Subject or All!

MindLaunch Helps Students Get Ready for College

MindLaunch online teachers know how to help students succeed through all the academic and social demands of high school, and to become better prepared for the challenges of college entrance and advanced learning.

Whether students need to supplement their traditional classroom learning, need assistance with advanced-level AP courses, or preparation for college entrance tests, MindLaunch teachers create an engaging environment designed with individualized learning paths and targeted instruction.

Core Academic Subjects (Math, English, Science, Foreign Languages, History)

AP college level courses

Standardized Test Preparation

College Prep (application essay writing, advanced application strategies, college advising)

All courses are conducted live and online. By using video, audio, whiteboard and chat technology, students can see and hear the educator as well as interact with lesson materials.

MindLaunch will be there for students and families through the entire process.

ENRICHMENT PROGRAM CYCLE

What makes MindLaunch special?

Real Teachers – MindLaunch tutors are all U.S.-licensed educators who have many years of teaching experience, deep knowledge of their subject areas, and the training to adapt to the needs of each student. Our experienced educators are experts in hundreds of academic subjects.

Convenient, Anywhere Access - Students and tutors meet in a fully-featured Virtual Classroom where they can see and hear each other using two-way live video conferencing with an interactive whiteboard and collaboration tools. All the students need is access to a computer equipped with a webcam and a broadband internet connection. Since both parties login from ANY location of their choice, there is greater scheduling flexibility, convenience and safety.
