Invest in Education

MindLaunch, an interactive, online education company dedicated to life-long learning, connects students of ALL ages, in ANY location, with experienced U.S.-licensed teachers for the most fun and effective online tutoring experience.

Gift Certificates for Your Fundraisers!

We understand how difficult it is to raise money in this uncertain economy. MindLaunch makes it easy and profitable for your non-profit organization to add the Gift of Learning to your fundraising activities.

MindLaunch will donate up to three (3) complimentary gift certificates per organization that you can use for any of your fundraising activities -- auctions, door prizes, bazaars, casino nights, etc. Each gift certificate is good for two (2) live, private online tutoring sessions with a U.S.-licensed educator on the topic of the "winner's" choice. The value of each gift certificate is \$200!

Winners can choose any academic or personal learning topic with options ranging from K-8, high school, college & adults or professional development. Please see www.mindlaunch.com

This MindLaunch offer expires July 31, 2014.

What Makes MindLaunch

MindLaunch Helps People

Special?

Real Teachers - MindLaunch tutors are all U.S.-licensed educators who have many years of teaching experience, deep knowledge of their subject areas, and the training to adapt to the needs of each student. Our experienced educators are experts in hundreds of academic subjects.

Convenient, Anywhere Access

- Students and tutors meet in a fully-featured Virtual Classroom where they can see and hear each other using two-way live video conferencing with an interactive whiteboard and collaboration tools. All the students need is access to a computer equipped with a webcam and a broadband internet connection. Since both parties login from ANY location of their choice, there is greater scheduling flexibility, convenience and safety.
